WAIT LISTS

The wait list feature offers students a fair and consistent method of being enrolled in a full class if an opening occurs. Wait lists are not offered for all classes.

1. Place your name on a maximum of three different course waitlists.

Go to [Online Registration](#). You may not select different sections of the same course.

3. Check your student schedule daily.

Go to the [Cascadia website](#) to find out if you have been automatically enrolled for the waitlisted class. You will receive an email notification that you have been enrolled in a class. If you have been enrolled, [pay your tuition](#) by the tuition deadline. **If the tuition deadline has passed, pay your tuition by 8 AM the next business day. Remove your name from the wait list if you decide you don't want to enroll in a class to avoid being automatically enrolled and charged tuition.**

4. Clear all scheduling conflicts.

These include time conflicts, enrollment into multiple sections of the same class, or being enrolled for over 24 credits without prior authorization to avoid being dropped from the class that caused the conflict.

CLASS SCHEDULE CHANGES

A class schedule change is any change to the student's class schedule after the initial quarterly registration. Additional tuition, fees, or qualified tuition refunds may apply. Financial aid status may also be affected.

DEGREES AND CERTIFICATES

ACADEMIC TRANSFER DEGREES

An **associate degree** prepares you for employment or for transfer to a 4-year college. To receive an associate degree you must complete 90-105 credits (2 years of full-time study), complete at least 25 of your degree credits at Cascadia, and receive a grade point average (GPA) of at least 2.0 in all courses that apply to your degree, including courses at other colleges.

If you plan to apply for transfer to a 4-year college, contact the admissions office and an academic advisor in your chosen major at that college to confirm admission requirements. You do not need to complete a degree at Cascadia to be eligible to transfer to a 4-year college.

Degrees which have the DTA (Direct Transfer Agreement) indicator are designed to allow you to transfer degree credits to most public 4-year colleges in Washington. Degrees which have the MRP (Major-Related Programs) take the DTA one step further by specifying the prerequisite coursework that will provide the best preparation for entry into certain competitive majors.
