- Discussing what it means to ”belong” as an employee at Cascadia
- Brainstorming actions that can be taken to

Students’ Sense of Belonging

- Review our HEDS and qualitative student data
- Discuss and address gaps to further develop a sense of belonging
PURPOSE

In May of 2021, the Washington State Legislature enacted Senate Bill 5227 relating to diversity, equity, inclusion, and antiracism at institutions of higher education. Included in that Bill (section 3) is the requirement for all colleges to conduct campus climate assessments (CCAs) and campus listening and feedback sessions. Part of this requirement is to meet with staff and discuss the results and our plan to move forward with what we have learned.

CAMPUS CLIMATE FOR DIVERSITY AND EQUITY
“If you heard someone make an insensitive or disparaging remark, how often was the source of that remark a member of the following groups?”
EVER EXPERIENCED DISCRIMINATION OR HARASSMENT

• 15% (approx. = 26) of respondents said they had been “discriminated against or harassed” on campus or at an off-campus program/event.
• 75% said they had not, while 10% said they were “unsure”.
• Of those who experienced discrimination or harassment in the past year, 50% were students, 23% were faculty, 19% were staff, 8% unknown role.

Percentages are reported by HEDS, we do not have the original data.
Source of Discrimination/Harassment

Of those who reported experiencing discrimination/harassment in the past year, respondents said the source of Discrimination/Harassment was:

- 30% said that faculty were the source
- 25% said that staff were the source
- 20% said that administration was the source
- 15% said that students were the source

Actual numbers of people in each category are small, in single digits.
Institutional Support for Diversity and Equity

“The recruitment and retention of historically marginalized students, faculty, and staff is perceived as a College priority (by 59%-65%).”

EQUITY & INCLUSION

Cascadia College values the rich diversity of our students, staff, and faculty and strives to meaningfully include all of the campus community in collectively building a college rooted in equity, social justice, and centering our most vulnerable populations. Moreover, Cascadia prioritizes substantive change over symbolic gestures of solidarity for all of the historically marginalized members of our campus community. Equity & Inclusion at Cascadia is a collective responsibility shared by the entire campus; it is a both an end goal and continual process.

DISCUSSION

What ways can we further develop a sense of belonging:
• What does it mean to "belong" at Cascadia?
• When we assess climate and sense of belonging next, what other questions would help us understand how we are doing and where we can make changes?
• What can your division, department, committee, council, or assembly do to contribute to others' sense of belonging? (i.e. what change of practice can you or your team institute?)
NEXT STEPS

- **Summer:** Continue to review, organize all data sets
- **Fall:**
  - Share summaries of data and suggested actions with applicable leaders and teams
  - Integrate actionable items into our work
