“I felt welcomed at Cascadia, but there was too much information coming my way and felt overwhelmed.”

“I think it would be beneficial for Admin to create a bond with students through workshops, walking around campus, and engaging more with the students.”

“[Cascadia College] is not geared to adults returning to higher education. Instead it is designed for 18-21 year old.”
“A lot of things that I need to know in my day-to-day experiences with Cascadia were covered during CORE, which I am thankful for.”

“Coming from a high school environment. I think it would have been cool to know the change in environment…”

Joining Cascadia’s Community Activities
“I wish someone would have told me about the benefits of COLL 101.”

“Professors are excellent and many of them have PHDs.”
WORKGROUP DISCUSSION
Instructions

1) Breakout into groups based on lollipop flavor
2) Identify Note Taker
3) Identify Presenter
Discussion Questions: 30 minutes

1) Where are our opportunity gaps to improve student sense of belonging?

2) What can we do to address those gaps by further developing sense of belonging?

Examples:
- Orientations: CORE/ISP/CCF
- Welcome Emails
- Welcome Activities (Jumpstart, (first week of quarter/first class session, Involvement Fairs, and other)
- College 101
- Other?
Share Outs: 15 minutes
Next Steps

**Summer:** dig deeper into the data and create summaries to share with appropriate groups.

**Fall:** share summaries with groups and integrate actions. Ex: GP Onboarding Committee and Website Redesign CORE Team
