

## Program Information

The MOBAS in Application Development/Mobile Platforms expands upon a student's previous education and experience with programming and web development. The program is designed to equip graduates with the skills necessary to develop both iOS and Android mobile applications, as well as mobile back-end services.

## Application Dates

All applications received by April 17<sup>th</sup> 2020, will be reviewed for priority admissions.

All applications received after April 17<sup>th</sup> 2020 will be reviewed for admissions on a rolling basis (no priority will be given).

## Admission Requirements

In order to consider your application, you must meet the following conditions:

An Applied Science Associate degree from a regionally accredited college or university in the areas of computer science or information technology consisting of at least 90 credits, with a minimum 2.5 cumulative grade point average and a 2.0 grade in each of the following courses:

- English 101 (5 credits) or equivalent
- Any college-level MATH course that required Intermediate Algebra (MATH 085) as a prerequisite (5 credits)
- College-level Humanities
- College-level Social Sciences
- Web or mobile foundations with a design component equivalent to Cascadia's BIT 113
- Database Design course equivalent to Cascadia's BIT 275
- Programming II course equivalent to Cascadia's BIT 143

*STUDENTS WHO ALREADY HAVE A BACHELOR'S DEGREE OR 90 CREDITS WITHOUT A DEGREE ARE ENCOURAGED TO MEET WITH THE IT ADVISOR TO DISCUSS ENROLLMENT OPTIONS.*

## Required Application Materials
